PALATKA, FLORIDA, THURSDAY, NOVEMBER 6, 1919

PRICE FIVE CENTS.

CRISIS IN COAL STRIKE WILL COME ON SATURDAY

INJUNCTION HEARING IS SCHEDULED

BOTH SIDES WAITING FOR DECISION OF COURT ON HEARING OF PETITION TO MAKE INJUNCTION AGAINST STRIKE LEADERS PERMANENT-RAILROADS CANCEL TRAINS.

(By United Press.)

INDIANAPOLIS, Ind., Nov. 6.—The crisis in the coal strike is expected at the miner's hearing here Saturday in Federal Court. Developments depend on the court's disposition of the government's petition asking that strike leaders be restrained from calling or conducting the business incident to a general walk out of the miners.

Heads of the miners' organizations decline to state what they will do in the event the court grants a permanent injunction. They will present a petition asking for permission to pay strike benefits. The operators are following the government's lead. Their future conduct will be in accordance with the government's wishes.

LONGSHOREMEN'S ARMISTICE DAY STRIKE CALLED CELEBRATION IS OFF IN NEW YORK NOT TO BE HELD

WILL BE OF GREAT INTEREST COMMITTEE FINDS IT IS UNABLE WHERE FRUIT SHIPMENTS WERE BEING DECLARED BY BOAT LINES—OTHER FREIGHT ALSO TIED UP.

(By United Press)

NEW YORK, Nov. 6.—Ninety per cent. of the striking longshoremen who have been out for several weeks returned to work this morning, ending the radical element. Other ten per cent. is expected to turn as soon as they can be paid the workers have all agreed to await settlement at a later date.

Two thousand members of the union, or radical faction, at a meeting in Tammany Hall voted unanimously to return to work at the old 65 cents an hour, with the understanding that efforts will be made about a readjustment of wages later.

Members of the conservative faction have been returning to work for the past few weeks.

Announcement of vote was made by F. Paul A. Vaccarelli, a member of the conciliation committee named by Secretary of Labor to try to settle the strike. He has been prominent as a leader of the insurgent faction.

LUNCH FOR WORK

Lunch will be served at the Palatka Pharmacy tomorrow afternoon for the Red Cross. All are urged to be present. Matters incident to the strike will be discussed.

RED CROSS ROLL CALL IS MAKING LITTLE PROGRESS

ONLY 160 MEMBERS SECURED IN PALATKA UP TO NOON TODAY—REPORTS FROM OTHER TOWNS SLOW IN COMING IN—TO PUT MORE PEP IN THE DRIVE.

Little progress is being made in attaining Putnam county's quota of members in the Red Cross, so far as reports up to noon today show. With a quota of 2,000 memberships assigned to Palatka only 160 had been reported and none of the smaller towns had sent in a report to be placed on the bulletin board at Second and Lemon streets.

It is presumed by the committee, however, that workers have failed to make reports because they are busy and it is hoped that returns tonight will show more than half the names needed enrolled.

Following is the enrollment by wards up to none, with the quota assigned:

Ward	Quota	Members
No. 1	375	1
No. 2	375	102
No. 3	250	72
No. 4	225	41
No. 5	200	60
No. 6	200	Nereport
No. 7	325	17
Heights	50	21

Need More Pep.

Chairman George R. Hilty said today that more pep is needed to put the county over and that for the remaining two days of the campaign every effort possible will be made to bring the membership up to the required number.

Mr. Hilty requests that voluntary enrollments be made in every instance possible, in order to relieve the committee of all unnecessary work possible.

GAINESVILLE LOSES OUT

Railroad Will Not Route Pinellas Special By That Way

GAINESVILLE, Nov. 6.—In a letter received by Major W. R. Thomas from Lyman Delano, Federal Manager of the Atlantic Coast Line railroad yesterday evening, the writer stated that the request of citizens here that the "Pinellas Special" be routed through Gainesville, Ocala and Leesburg, could not be granted, owing to the fact that it would add two hours to the schedule between Jacksonville and St. Petersburg. Mr. Delano stated that he would be very glad to receive the proposed committee headed by Major Thomas, but that he did not see that such a visit could be of any benefit to Gainesville.

PECULIAR ACCIDENT FATAL.

(By United Press.)
SYRACUSE, N. Y., Nov. 6.—One person was fatally injured in a peculiar accident here today when two fire engines collided in front of the Winchester Hotel. William Fang was knocked through a wall by the crash. Two hotel guests were badly injured when struck in the lobby.

SUGAR WILL SOON BE IN THE MARKET

HARVESTING OF WESTERN CROP EXPECTED TO RELIEVE SITUATION UNTIL THE CUBAN CROP COMES IN DURING JANUARY.

(By United Press.)

HARRISBURG, Pa., Nov. 6.—Harvesting of the western sugar crop is expected to bring relief from the sugar shortage soon, Attorney General Palmer said at a good roads meeting here today.

"Practically all points in the United States have felt the pinch of the shortage," said the attorney general. "The unfortunate shortage was brought about by the increased consumption following the war. Pre-war consumption was 68 pounds per capita, but it has now risen to 98 pounds per capita."

The attorney general said that the government will take strict supervision of the distribution of all sugar.

DON'T OPPOSE LEPER COLONY

Duval County Medical Society Sees No Harm in One

JACKSONVILLE, Nov. 6.—At a largely attended meeting of the Duval County Medical Society, November 4, 1919 the following resolutions were adopted:

Be it resolved by the Duval County Medical Society that the opposition to the establishment of a leper colony by the United States public health service, on an island off the coast of Florida is unfortunate; that from a medical standpoint there should be no opposition to it; that the arguments advanced against it should be met by the medical profession with an educational propaganda for the purpose of showing that a leper colony, properly controlled will be of no disadvantage to the State and will be of advantage in taking care of Florida's lepers now at large.

Be it further resolved that a copy of these resolutions be sent to the daily papers, to the Journal of the American Medical Association and to the surgeon general of the United States public health service.

HUN GUN AT TALLAHASSEE

Is One Allotted to State of Florida By War Department

TALLAHASSEE, Nov. 6.—(Special.)—The captured German gun and carriage which has been allotted to the state of Florida through the governor of the State, reached the capital this morning and has been temporarily placed at the east entrance of the grounds just in front of the Parkhill monument. Later a place will be prepared for its permanent situation.

The gun attracts considerable attention. Apparently of the German 88 type it still bears its coat of camouflage, while various indentations on its armored surface attest to its participation in one or more of the war's great battles. On one side it bears a sentence in German, while the numeral "3" faces the gunner.

America needs the Red Cross—the Red Cross needs YOU.
